WITHOUT DRYING THE SKIN AND ALSO HAS

PRODUCT REVIEWS

"I was impressed with how quickly I saw healing and repair to problem spots. Based on the initial response, I definitely plan to use regularly to prevent flare-ups."

"I'm always happy with the gel; perfect to control breakouts while also being gentle on the skin."

"So far the gel is working, skin is super clear with also using calm down step 1 and 2. Skins looking great."

"I've always been fortunate to have never really had a problem with my skin. I can count on one hand the problems I have in a year; just an occasional pimple. This is the only product I've found that really works. If I see just a raised pink spot, I will put this on and it will be gone within a couple of days, sometimes the next day. Even if the spot starts out being more prominent, the duration is definitely shortened. I also notice that the skin is left looking normal, not pink or scaly. I don't ever want to be without the Blemish Control Gel."

"The best product I have found! Keeps my skin clear and not dry. I can't live without it."

"Love this product , been using it for years . Love the clear soft skin it gives me."
